Offshore Engineering

| Title | Authors |
|---|---|
| Study on Polyester Mooring Material for Deep Water Offshore Structure (Download) | Nur Aireen Amran, J.Koto |
| Numerical Simulation on the Effect of Mooring Arrangement to the Cylindrical FPSO's Station Keeping Behavior (Download) | Siow Chee Loon, Muhammad Syahriel Afri Fatihah Mohd Yusof, Kang Hooi Si |
| Mooring Line Damping Estimation on WEC – A Review (Download) | Adibah Fatihah Mohd Yusof, J. |
| Experimental Study on Vortex Induced Vibration of Short Rigid Cylinder with Different Spring (Download) | Shafiza Binti Ramzi, Lee Kee Quen, Aminudi Nor'Azizi Bin Othir |
| Vortex Induced Vibration on Cold Water Pipe of OTEC (Download) | Muhammad Zaki Prawir |
| Present Condition Of Existing Single Point Mooring In Indonesia Waterways In View Of BKI (Download) | Muhammad Irfan, Defi Rizki Maulian |

Ship Safety and Environmental Protection

| Title | Authors |
|--|-------------------------------------|
| A Study on Ship Scrapping Regarding Safety, Health, Environment & Economy of Bangladesh (Download) | Khabirul Haque Chowdhury , Nafiz In |
| An Assessment of Marine Pollution by The Operation of Inland Vessels In Bangladesh (Download) | N.M.Golam Zakaria, Sumon Mondol |
| Environmental Pollution in Bangladesh By Inland Passenger Vessel Operation (Download) | Kaosar Rashid, Dr N.M. Golam Zal |

| | |
|---|---|
| Study on The Hit Probability of Freely Falling Cylindrical Objects Onto The Pipeline At Seabed | Xiaochuan Yu, Adelina Steven, Linxiong Li, Kang |
| Scilab-Based Reliability Analysis Of 5-Storey Offshore Jacket Structure Using Monte Carlo Finite Element Method (Download) | Agro Wisudawan and D. Mohd |
| Risk Assessment of Marine Accident in Tanjung Pelepas Port Limit Due To Reclamation of Tanjung Piai Maritime Industrial Park (Download) | A.S.A.Kader & A.N.D.Bachok, W |

Ship Design

| Title | Authors |
|--|--|
| Experimental and Numerical Studies of Hard-Chine Crew-Boat Resistance with Variation of Stern Foil Position in The Longitudinal Direction (Download) | Soegeng Riyadi and Ketu |
| Dissemblance of Ship Scantlings from Design in Bangladesh: Causes & Effects (Download) | S M Ikhtiar Mahmud, Nafisha Nubayaatt Ha |
| Development of Suitable Design for Fishery Research Vessel for The Contribution to The Blue Economy of Bangladesh (Download) | Nafisha Nubayaatt Haq, M Muzibur Rahr |
| Systems Engineering for Ship Concept Design (Download) | Jauhari T. Khairuddin, A. Maimun and Sik |
| Probabilistic Approach In Marine Structure Strength Assessment (Download) | Muhammad A. Azizan, E. Oterkus, Mohd F. |
| Preliminary Design An Offshore Wind System For Malaysia (Download) | Oscar Peyre, Farah Ellyza Hashi |

Ocean Renewable Energy

| Title | Authors |
|---|--|
| Hybrid Renewable Energy Device – Low Speed Current Turbine and Solar Cell (Download) | Atef Salem M. Soufaljen , Adi Mai |
| A Preliminary Review of The Potential Area to Deploy Wave Energy Converter in Kuala Terengganu Shoreline (Download) | S.M Mahmud , W.B Wan Nik , |
| Design, Development and Experimentation of Compliant Offshore Mechanical Wave Energy Convertor (Download) | Srinivasan Chandrasekaran , VVS Sricl Nagavinothini.F |
| Effect of Tip Groove on Biplane Wells Turbine (Download) | Tapas K. Das, Abdus S |
| Numerical Investigation Of Wave Energy Of Saint Martin Region Of Bangladesh (Download) | Mohua Das, Tariqul Islam Shazeeb al |
| Modelling On Numerical Wave Tank For Application Of OWC Simulation (Download) | Ahmad Mustaqim Abdul Rahin |

Ship Safety and Environmental Protection

| Title | Authors |
|--------------|----------------|
| | |

| | |
|---|---|
| Port Marine Safety Assessment Case Study on The Indonesian Ports (Download) | Sunaryo, and Yusuf Muhamn |
| An Overview Of Present Status Of Inland Vessels In Bangladesh Based On Formulated Energy Efficiency Design Index (Download) | N.M.Golam Zakaria, Sohar |
| An Investigation of Collision Accidents in the Inland Waterways of Bangladesh (Download) | Md. Imran Uddin and Zobe |
| Determination of Capacity of Emergency Source of Electrical Power (ESEP) for Restricted Service Ships, Study case on ships operated in Indonesian waters (Download) | Angjuang Adi Panji Pratama, Muhdar Tasr Nugraha |
| Study of Fuel Efficiency on Tug bosts with use of flowmeter Web based monitoring AD ContriK System P.T.X (Download) | Danny Faturachm |
| Study On Signal Blocking System To Prevent Over Loaded Passenger Vessel Engine From Starting To Ensure Maximum Safety (Download) | Hironmoy Ahma |

Ship Structure

| Title | Authors |
|---|---|
| Comparison Study of Braced Monopod Dan Tripod Jacket Offshore Platforms (Download) | Ricky L. Tawekal, Julio De Velas, Jessica |
| The Effect of SPMT on The Offshore Structure Whilst Loading The Barge (Download) | Muhamad Ridho Baihaqt |
| Comparison of Various Spectral Models For 100-Year Extreme Values of Offshore Structural Response (Download) | S.Z.A. Syed Ahmad, M.K. Abu Husain, N.I. M Najafian |
| The Design and Structural Analysis of a Non-Sinkable Surveillance Vessel for The Forest Department of Bangladesh (Download) | S M Ikhtiar Mahmud and Nafish |
| Effect of Hot and Cold Rolling on Electro-Mechanical Properties of Commercial High-Conductive Metallic Materials (Download) | M Muzibur Rahman, M Abu Sufian , Rehgir / Ahmed |

Reliability & Safety

| Title | Authors |
|--|---|
| Fatigue Life Assessment of Defected Welded Joints in Marine Grade Steel Materials (Download) | S. M. Ikhtiar Mahmud , Kazi Rafi Rahaman , Saima |
| Assessment of Collision & Grounding Risk at Chittagong Port, Bangladesh (Download) | Mohammad Ehsan Khaled , Yasumi Ki Mohammad Sayem Bin Abdullah and |
| Reliability Information to Support Decision Making for Ship Design (Download) | Faiz Mohd Turan, Kartina Johan and E |
| Sustainability Competency Assessment in Marine Industry (Download) | N. Soliha Sahimi, Faiz Turan an |

Port, Maritime Regulation and Policies

| Title | Authors |
|--|--|
| An Investigation Of Collision Accidents In The Inland Waterways Of Bangladesh (Download) | Md. Imran Uddin and Zobe |
| Sustainability Competency Profiling (SCP) For Malaysia Sme Marine Industry Using Delphi And Fuzzy AHP-Topsis Approach (Download) | Nur Quratul Ain Adanan, Faiz Mohd Turan, Syahirah Wan Lan |
| Strategic Plan 2025 For Port of Tanjung Pelepas In Conjunction with The Development of Iskandar Malaysia (Download) | Muhammad Firdaus Md Amin, Moghesl Mohamad Firzuan Raffy, Muhammad Ridho Prawira, Salaamin Aminee |

Ship Construction and Operation

| Title | Authors |
|--|---------------------------------|
| The Changing of Ship Parameters During Operation (Download) | Wolter R Hetharia, Andre HAGE A |
| Proposed Viable Ship Recycling Process For South East Asian Recycling Yards Especially For Bangladesh (Download) | Khandakar Akhter Hossain and N. |
| Design of Software for Calculation and Analysis Engine Propeller Matching (Download) | Habibi and Santoso |

Slamming, Sloshing, Maneuvering

| Title | Authors |
|---|--|
| Ship Maneuvering and Intelligent Control (Download) | Ahmed Yaseen Adnan , Hannan Mohammed Iwan |
| Sloshing Analysis of Membrane Tank for Malaysia LNG Carrier (Download) | Mazlan Muslim, Md Salim Kamil and A: |
| Sloshing Impact Pressure in Prismatic Membrane Tank | Ummul Ghafir Md Arif, Collin Howe-Hing Tai Siang Kang, Arifah Ali, Chee-Loon S |
| Computer Simulation And Modeling In Engineering For Open Learning Environment – A Case Study On Application Of Rand Model Designer For Ship Manoeuvring Analysis (Downlaod) | Md Salim Kamil, Kirill Velodosovich Ro Alexandrovich Ryzhov, Senichenkov Yuri Bo |
| Four Quadrant Wake and Thrust Deduction Fractions for Crash Stop Maneuvering (Download) | Sunarsih, Mohd Zamani Ahmad, Adi Main Ismail |

Computational Fluid Dynamics in Hydrodynamics

| Title | Authors |
|--|--|
| Assessment Of Drag Penalty Resulting From The Roughness Of Freshly Cleaned And Painted Ship-Hull Using Computational Fluid Dynamics (Download) | Muhammad Luqman Hakim, Bagus Nugro Putranto, I Ketut Suastika and I Ke |
| Numerical Prediction of Free-Surface Wave Around Surface Piercing Marine Rudder (Download) | Md. Mashud Karim, Md. Habibur Rahman ar |

| | |
|---|--|
| Validation Study of U-Oscillating Water Column Device Using CFD Simulation (Download) | Muhammad Syazwan Bazli, Omar Yaak |
| CFD Analysis on Unsteady Yaw Motion of A Towed Ship In Calm Water (Download) | Nur Adlina Aldin, Ahmad Fitriadhy, Nurul Aqi |
| CFD Analysis On Course Stability Of An Asymmetrical Bridle Towline Model Of A Towed Ship (Download) | N. Aqilah Mansor, A.Fitriadhy, and N. A |

Ship Propulsion and Propeller

| Title | Authors |
|--|--|
| Wake Turbulence and Dimensional Length Changes Influence on Conventional Ship Based on Resistance Criteria (Download) | Bagiyo Suwasono, Ali Munazid, G.A.I |
| An Investigation Into The Numerical Uncertainty Of Resistance Model Tanker 17.500 DWT (Download) | D Purnamasari , I K A P Utam |
| Automation of Savitsky's Method for Power Calculation of High Speed Vessel and Generating Empirical Formula (Download) | Md Towhidur Rahman, Nasim Zaman F Shahnewaz Ahm |
| Development of A Plug-In in Grasshopper for Designing Ship Propeller in Rhinoceros (Download) | Abul Kalam Faruk, and Dr. M |
| Comparative Analysis of Diversity Hullform Influence on Resistance Assessment of a Pentamaran (Download) | Yanuar, W Sulistyawati, and |

Ship Resistance

| Title | Authors |
|---|--|
| Prediction of The Propeller Performance Using Computational Fluid Dynamics (CFD) Approach (Download) | N. AmiraAdam, A. Fitriadhy, CJ Quah, Ti |
| The Effect of Drag Resistance from Anti-Fouling Self-Adhesive Film to Ship Performance (Download) | Siow Chee Loon, Khor Wei Han, Adi Maimur Siang |
| Dynamic Analysis of Offshore Triceratops Under Forces Due to Ice Crushing in Ultra-Deep Waters (Download) | Srinivasan Chandrasekaran, N |
| Drag Analysis of Three-Rudder Shaped like Bodies (Download) | M.N.Azzeri, O.E. Hanis, Adi Maimun, F.A. A Zain |
| Numerical Prediction Of Fin Stabilizer Effect On The Resistance Of Semi-Swath At Different Water Depth (Download) | Arifah Ali, Adi Maimun, Yass |
